TECHNICAL SKILLS

- Programming Languages: Python | C | R | HTML | CSS | JavaScript
- Software Knowledge: Microsoft Office Suite (Word, PowerPoint, and Excel) | Git

PROJECTS

Hopes & Dreams
- Designed a profile page to document my aspirations of becoming a great web developer
- Features include links to my first few web development projects, images, and buttons
- Built using HTML and CSS within 24 hours for a hackathon

Odin Project
- Designed mini projects such as a calculator and a sketchpad
- Features include keyboard and audio support for calculator, random color pencil for sketchpad
- Built using HTML, CSS, and JavaScript

WORK EXPERIENCE

Part-Time Tutor   **Dec 2018 – Dec 2021**
- Conducted one-on-one math lessons for 4 upper secondary school students
- Coached and aided students to attain at least an A2 grade in O/N Levels

Personal Assistant, Great Eastern Life   **Apr 2021 – Jul 2021**
- Managed all administrative functions, allowing the manager more time for networking
- Orchestrated communication with 50 customers to resolve critical issues, resulting in commendable reviews from customers

CO-CURRICULAR ACTIVITIES

Member, NTU Hall 4 Basketball Club   **Jul 2021 – April 2022**
- Took part in intensive trainings together with teammates twice a week to prepare for the Inter-Hall Games during winter holidays

Vice-Chairperson, VJC Science Society East Zone Science Carnival   **Feb 2017 – Nov 2018**
- Ideated and fine-tuned more than three open-ended experiments for 100 participants, received good feedback in post-carnival survey from attendees
- Spearheaded the VCA Science Explore event and ensured effective coordination between team members
